Patient Financial Obligation

We are dedicated to providing the best possible care and service to you and regard your complete understanding of your financial responsibilities as an essential element of your care and treatment.

As you are probably aware the changes in health care have shifted many of the costs from the insurance company to you, the patient. If we participate with your insurance plan you will be responsible to pay for your co-pay, deductibles and /or co-insurance at time of service. You may also be responsible for payment of services related to conditions that are not covered by your Plan. If you have not met your deductible, you will be responsible for the amount of the deductible and whatever amounts the insurance company does not pay. If your insurance company denies payment or will only pay a portion of your medical bill, you, the patient are responsible for payment of services rendered and will be billed accordingly. Please be aware that your insurance carrier does not guarantee accuracy of its confirmation of coverage and benefits.

Laboratory Bills

If you should undergo a biopsy in our office, the Lab will bill your insurance carrier separately. You will receive a separate bill from the Lab for any uncovered charges.

Failure to Pay:

Any unpaid balance that exceeds 90 days will be sent to a collection attorney and will incur any attorney fees and collection costs. The patient/or guarantor will be responsible for all associated costs including interest from the date of service.

Payment Methods:

For your convenience, we accept the following forms of payment: Cash, Check, Visa, MasterCard, American Express, or Discover.

- **It is office policy that a credit card is left on file** as most insurance policies have deductible, co-insurance, and surgical co-insurance in addition to co-pays. Your insurance company determines the exact amount after we have submitted your claim for payment. We will charge your card for the amount, which is your responsibility and your insurance company, will also send you a copy of the explanation of benefits.
- Your signature below provides authorization for our office to process payment(s) to this card for reasons as outlined above.
- Any balances in excess of \$300 will receive a call and given the option of a payment plan.
- Once the Explanation of benefits (EOB) from the insurance company has been received, you will not receive a statement from us, only a receipt after the payment has been processed.

It is our utmost concern that patients' transactions are processed according to the highest security standards. To that end, Mariwalla Dermatology will safely and securely store your credit card information in our PCI compliant banking system and all card information will be encrypted. ** Please hand your credit card to the receptionist to be entered into our system. **

I, _____ have read the above disclaimer and fully understand my financial responsibilities to Mariwalla Dermatology.

As of January 1, 2021, we will be requiring patients to leave a credit card on file with our office.

Why the change?

We need to ensure that we have a guarantee of payment on file in our office. Things are changing in healthcare, and we need to be sure that patient responsible balances are paid in a timely manner.

But I always pay my bill, why me?

We have to be fair and apply the policy to all patients. We have wonderful patients and we know that most of you pay your balances. Unfortunately, this is not the case for everyone.

How will I know how much you are going to charge me?

You will receive a letter from your insurance carrier that explains how much of your office visit they pay and how much you pay. This is called an Explanation of Benefits or an EOB. This letter tells you exactly, according to your health insurance coverage, what portion of your health care bill is your responsibility and what portion was paid to your health care provider by your insurance company. Any portion of the medical expense not covered by the insurance company, such as a deductible or co-pay, will be the patient's responsibility.

Then what?

We receive the same letter after you do. It arrives about 20-30 business days after your appointment. We look at each Explanation of Benefits (EOB) carefully, and determine what your insurance has determined to be the patient's responsibility. This is the same way we determine the amount on the bill you receive from us in the mail. However, instead of sending you a bill, we will charge the credit card we have on file if your patient responsibility is under \$300. Please note that if you choose to provide us with your debit/ credit /HAS card as your method of payment, you will not be notified of the charge if it is under \$300.

But wait, I'm nervous about leaving you my credit card information.

We do not store your sensitive credit card information in our office. The required information is secured in our PCI compliant system. (PCI or Payment Card Industry compliance, refers to the technical and operational standards that businesses must follow to ensure that credit card data provided by cardholders is protected).

We access your information only on this secure site to process a payment. No one in our office has access to/ can see your credit card information.

What if I need to dispute my bill?

We will always work with you to determine if there has been a mistake, and will refund you if we have made a billing error. We will only charge the amount that we are instructed to by your insurance carrier, in the EOB letter they sent to us.

What if I don't want to leave a credit card on file?

You can leave a deposit of \$200 for a regular office visit, \$250 for an excision, or \$600 for a Mohs procedure for any unpaid charges or pay your estimated bill in full and we will refund the insurance portion to you after they pay.
